5. FIRE-FIGHTING MEASURES

- | | |
|--|--|
| 5.1. Extinguishing Media and Procedure | Water spray, foam, dry chemical, carbon dioxide or any class B extinguishing agent.

Use water spray to keep fire-exposed containers cool. Approach fire from upwind to avoid hazardous vapors and toxic decomposition products. Fight fire from protected location or maximum possible distance. Avoid heavy hose streams. Dike area to prevent water runoff. Firemen should wear self-contained breathing apparatus and protective clothing. |
| 5.2. Hazardous Decomposition or Byproducts in a Fire | The essential breakdown products are carbon monoxide, carbon dioxide, phosphorus pentoxide and nitrogen oxides. |
| 5.3. Unusual Fire and Explosion Hazards | None. |

6. ACCIDENTAL RELEASE MEASURES

- | | |
|---|---|
| 6.1. Personal Protection | Observe all protection and safety precautions when cleaning up spills, see 8. |
| 6.2. Steps to Be Taken in Case of Spill | <p>Small liquid spills on the floor or other impervious surface, should be soaked up with towels or other absorbent material and discarded in the trash. Clean the spill area with soap and water and rinse the area thoroughly.</p> <p>Large liquid spills on the floor or other impervious surface should be contained or diked and then absorbed with attapulgate, bentonite or other absorbent clays. Collect the contaminated absorbent, place in a metal drum and dispose of in accordance with the instructions provided under Disposal (see 13). Thoroughly scrub floor or other impervious surface with a strong industrial detergent and rinse with water.</p> <p>Large spills that soak into the ground should be dug up, placed in metal drums and disposed of in accordance with instructions provided under Disposal (see 13). Contact appropriate state agency when considering a land spreading disposal option.</p> <p>Leaking containers should be separated from non-leakers and either the container or its contents transferred to a drum or other non-leaking container and disposed of in accordance with instructions provided under Disposal (see 13).
